Value for Term 5 – Respect

The value that we will focus on this term is **Respect**. If you would like to work with us to explore and develop this core value, here are a few ideas for you to use at home:

- Display the Respect Poster at home and refer to it when members of the family show that they are being guided by this value;
- Start a daily habit of talking about one thing that each member of the household did that was kind or polite;
- Write thank you cards together or make a special event of saying thank you to people who help, even if this is usually taken for granted. Examples could be thanking the post person or the person who collects the household rubbish or the taxi driver.
- Enable your young person to choose a plant, part of the garden or part of the house that they will look after. Talk about showing respect for our environment. If possible, involve your child in sorting the rubbish into things that can be recycled.
- Take it in turns to say one thing that you like about yourself. Respecting ourselves, enables us to respect other people.
